

# L LABORATORY SERIES

## PRODUCT OVERVIEW

Laboratory series combines the advantages of low liquid nitrogen consumption and medium storage capacity. It has the advantages of light weight, less space occupation and high efficiency storage of large sample freezing. It can meet the different needs of laboratory professionals. All models include freeze shelves and PC freeze boxes to ensure easy storage of samples.

## PRODUCT FEATURES

- 1 Durable aluminium structure;
- 2 Matching freezing shelves and freezing boxes;
- 3 Large capacity and low liquid nitrogen consumption;
- 4 Optional safety lock cover structure to prevent others from unlocking without authorization;
- 5 Optional liquid level monitoring system;
- 6 Optional transport vehicle;
- 7 EU CE certification;
- 8 Five-year vacuum quality assurance.

## EASY TO FIND YOUR SAMPLE

- 1 Designed for long-term storage, it is easy to take and place samples;
- 2 The marked freezing shelves and freezing boxes are convenient for quickly and effectively finding the required samples;
- 3 It can be equipped with liquid level monitor to monitor the liquid level height in real time and send out low level sound and light alarm.

Provide advanced intelligent bottle stoppers to protect irreplaceable biological samples. When the liquid nitrogen page is low, it will be alerted by Wechat alarm in time.
